FOR IMMEDIATE RELEASE

### **RESIDENTIAL SUMMER SPORTS CAMPS**

Activities for young people to participate in are everywhere this summer across the UK, and Let Me Play, one of the UK's leading sports and dance camp providers, is providing a chance for them to participate in residential sports camps in their favourite sports.

Let Me Play is a unique programme in which it is able to deliver expert skills and advice to campers from expert professionals at each of the camps and activities. Participants learn specific techniques and skills that can only be acquired from attending residential camps provided by Let Me Play.

Each of these camps provide safe and secure environments for young people varying in ages, who want to become active in particular sports. With being one of the UK's largest specialist in residential sports and dance camp organisations, Let Me Play is able to provide speciality camps in basketball, street dance, cheerleading, athletics, K-Swiss tennis, and four various football club camps that participants can choose from.

These camps are specialty catered for each participant and coached by excellent professionals that have had experience in their particular sport that they are working with in order to provide development and learning experiences for each participant.

The residential camps house students overnight with accommodations planned for them through Let Me Play that is included in the price that is paid up front. This price includes daily meals, the actual sports camp, and an exclusive camp T-shirt from the specific camp the participant attends.

Let Me Play ensures that the facilities that each camp is administered at are top of the line with accommodations and safety being a top priority. If parents want further information, there are questions and answers listed on [letmeplay.co.uk](http://letmeplay.co.uk) under the parents tab.
